## 1. **BACKGROUND**

- 1.1 At its inaugural meeting on 11 April 2007 the Authority approved a number of “in-principle” decisions previously approved by the Shadow Authority, including its Constitutional Governance Framework documents (Minute DSFRA/5 refers). These documents now include, amongst other things:-
- The Accountabilities, Roles and Responsibilities of Members of the Devon & Somerset Fire & Rescue Authority
  - Members’ Code of Conduct;
  - Member/Officer Protocol;
  - Policy on Gifts and Hospitality;
  - Scheme of Members Allowances;
  - Standing Orders;
  - Financial Regulations;
  - Procurement and Contract Regulations;
  - Scheme of Delegations;
  - Corporate Governance Code;
  - Treasury Management Policy;
  - Strategy on the Prevention and Detection of Fraud and Corruption; and
  - “Whistleblowing” Code (Confidential Reporting Policy).
- 1.2 The constitutional operation of the Authority also features a Committee structure (with associated terms of reference). This is addressed by a Schedule elsewhere on the agenda for this meeting.
- 1.3 The documents referred to above were drafted by reference to a number of sources, some statutory; some based upon “models” issued either by central government or by professional bodies (e.g. the Chartered Institute for Public Finance Accountancy – CIPFA); and others best practice. While there is no legal requirement for the documents to be reviewed, it is nonetheless considered best practice to review the documents at least on an annual basis to ensure that they continue to be “fit for purpose”. This clearly does not preclude making revisions at any time to any of the documents where this might be required by changes in legislation or internal structure; or the approval of new documents to enhance the governance framework.
- 1.4 When reviewing any of the Authority’s constitutional governance framework documents due regard is taken of:
- any current “best practice” models;
  - any existing national guidance and model documents;
  - similar documents in use by other combined fire and rescue authorities; and
  - similar documents in use by constituent authorities.
- 1.5 Each of the Authority’s Constitutional Framework documents have again been subject to review over the last twelve months and will continue to be subject to ongoing review with any further proposed revisions submitted to future meetings of the Authority as required.

1.6 Following this review, no amendments are currently proposed to any of the existing documents. As previously reported, however, the Service is currently embarked upon a significant business transformation programme designed to best equip it to meet anticipated challenges over the next few years and to enable it to achieve its stated ambition of being an “excellent” organisation. At present, as part of this programme, two fundamental reviews are being undertaken of both service delivery and service support. The latter of these features a series of improvements to the Service procurement processes and it is likely that this will, in turn, require revisions to the Procurement and Contract Regulations. As indicated earlier, however, any such revisions will be reported to future meetings as required.
