MEETING	COMMUNITY SAFETY & CORPORATE PLANNING COMMITTEE
DATE OF MEETING	11 JULY 2017
SUBJECT OF REPORT	DRAFT INTEGRATED RISK MANAGEMENT PLAN
LEAD OFFICER	Assistant Chief Fire Officer – Service Improvement
RECOMMENDATIONS	<i>That the report be noted.</i>
EXECUTIVE SUMMARY	<p>The Fire and Rescue National Framework for England requires fire services to have in place an Integrated Risk Management Plan (IRMP) which is designed to give the flexibility to use our resources in the most effective way to save lives, improve public safety and reduce emergency incidents.</p> <p>In formulating the IRMP, we are required to:</p> <ul style="list-style-type: none"> • identify and assess all foreseeable fire and rescue related risks that could affect the communities they serve including those of a cross-border, multi-authority and national nature; • demonstrate how prevention, protection and response activities will best be used to mitigate the impact of risk on communities through authorities working either individually or collectively in a cost effective way; • be easily accessible and publicly available; • reflect effective consultation throughout their development and at all review stages with the community, its workforce and representative bodies, and partners; • cover at least a three year time span and be reviewed and revised as often as it is necessary to ensure that fire and rescue authorities are able to deliver the requirements set out in the Framework; • reflect up to date risk analyses and the evaluation of service delivery outcomes. <p>Production of the IRMP has been underway since the start of 2017. The outcomes of the risk analysis exercise and the work undertaken to date on the development of the IRMP will be presented to the Committee at the meeting.</p>
